

CINT Users Association and Users Executive Committee (UEC)

Membership in the CINT Users Association is automatically granted to all those who are named as an investigator or collaborator on an approved CINT User Proposal in the current calendar year or in either of the two preceding calendar years. The Users Executive Committee (UEC) represents the Association and conducts its business. Two members of the Association are elected to the UEC each year for a term of office of three years. The UEC is led by a Chair and Vice-Chair who are elected from within the UEC.

Professor Linda Peteanu, Chair	Carnegie Melon University
Professor Guillaume Gervais	McGill University
Professor Suneel Kodambaka	University of California, Los Angeles
Professor Joanna Millunchick	University of Michigan
Professor Dvora Perahia	Clemson University
